URANIA BAR – POP-UP COCKTAIL EXPERIENCE

A Four-Day Journey Through Design, Architecture and Cinematography.

Urania Bar from Zagreb brings a unique experience that merges design, architecture, and cinematography with world-class cocktail culture. Our pop-up bar offers a curated selection of six signature cocktails, crafted to tell a story, spark emotion, and leave an unforgettable impression on guests.

Duomo Di Firenze

(Amaro Santoni, Japanese cherry blossom, Lemon)

Inspired by the magnificent dome of Florence Cathedral – a Renaissance icon built by Brunelleschi. This cocktail represents balance, harmony and elegance – just like the Renaissance ideals that shaped Florence.

Sagrada Familia

(Rum infused with raisins, vanilla & cinnamon, Moscatel Sherry, Baked apple soda)

A tribute to Antoni Gaudí's unfinished masterpiece in Barcelona – intricate, layered and alive. A cocktail built in layers, like Gaudí's work – warm, spiced, and spiritual in its composition.

Kawai X Minimalism

(Vodka, Strawberry, Vanilla, Jasmine tea, Cream)

Inspired by the duality of Japanese culture: the simplicity of minimalism and the playful charm of 'kawai' (cute).

A cocktail that balances clean Japanese aesthetics with soft, sweet flavors – approachable yet refined.

Antonio Marghereti

(Carpano Bitter infused with forest fruits, Sage soda)

A playful nod to Quentin Tarantino's Inglourious Basterds, and the fictional undercover spy who pretends to be Italian.

A cocktail with an Italian soul and a cinematic twist – bitter, fresh, and slightly mischievous.

Li Lotus

(Rum, Lemongrass cordial, Pandan leaf, Lemon)

Inspired by 'Li Lotus' – the original panda name from Kung Fu Panda Exotic botanicals and playful Asian notes meet in one glass.

A refreshing cocktail that highlights Southeast Asian aromas – light, zesty, and full of character.

GaŠpar

(Gin, Sweet Vermouth, Carpano Bitter, Acid blend)

A tribute to director Gaspar Noé and his neon-red cinematic aesthetic – surreal, provocative and hypnotic.

A rebellious twist on the Negroni – bold, vibrant, and unforgettable, like a Noé film.
